## SUMMARY

Highly motivated and detail-oriented Electronics and telecommunication Engineering student seeking a software engineering position to utilize my strong analytical & problem-solving skills to develop innovative solutions in a collaborative environment.

---

## EDUCATION

### Bachelor of Electronics & Telecommunication Engineering

PVG College Of Engineering & Technology · Pune · 2024 · CGPA: 8.02

### HSC | MSBSHSE

Shri Sant Damaji Mahavidyalaya · Solapur · 2020 · Percentage: 78.0%

### SSC | MSBSHSE

English School Mangalwedha · Solapur · 2018 · Percentage: 91.0%

---

## SKILLS

**SKILLS Languages:** Java

**Web Development:** HTML, CSS.

**Database:** MySQL

**Soft Skills:** Problem Solving, Self-Learning

---

## PROJECTS

### 1.Crop Disease Detection Using Deep Learning

August 2023 - March 2024

- Implemented deep learning models for crop disease detection, enhancing agricultural productivity by accurately identifying and diagnosing plant diseases through CNNs and image analysis

### 2.Smart Digital Door lock system

March 2023 - May 2023

- The motivation behind exploring this project is the growing need for secure and convenient access control in residential and commercial settings.

---

## CERTIFICATIONS

### Spoken Tutorial Certifications

- Completed certifications related to basic Java with online certification exam taken by IIT Bombay

### Spoken Tutorial Certifications

- Completed certifications related to basic HTML with online certification exam taken by IIT Bombay

---

## INVOLVEMENT

### Volunteer

Telecommunication students Association(TESA) · March 2024- Present

- Worked in volunteer team for non-technical event ABLAZE.

### Participant(2nd Rank)

PVGCOET · Cric Auction · May 2023

- Secured 2nd rank in the Cric Auction competition held at PVGCOET
