SUMMARY

Highly motivated and detail - oriented Computer Science and Engineering student seeking a software engineering position to utilize my strong analytical & problem – solving skills to develop innovative solutions in a collaborative environment.

EDUCATION

- **Bachelor of Engineering (B.E) in Computer Science and Engineering**
Sinhgad College of Engineering, Vadgaon, Pune 8.45 CGPA | (2020 – 2024)
- **Intermediate (MSBSHSE)**
New Arts Commerce and Science College, Ahmednagar. (PCMB) 79. 54% | February 2020
- **Matriculation (MSBSHSE)**
Jijamata Secondary, Higer Secondary and Technical School, Bhende Bk. 91.80% | March 2018
Nevasa Ahmednagar.

PROJECTS

- **Domain – Machine, Deep Learning | Eye Abnormalities Detection Using Machine Learning**
(*Python, Convolutional Neural Networks, ResNet 50*)
 - Developed a deep learning-based system for automated detection of cataracts and glaucoma from eye images, leveraging convolutional neural networks and residual network architectures to achieve promising validation accuracies in classifying eye abnormalities.
 - Implemented a user-friendly web interface allowing medical professionals to upload eye images and receive automated diagnostic reports, demonstrating the practical application of deep learning techniques in eye disease detection.
- **Domain – Data Analysis |Hospitality Domain Data Analysis**
(*Data Analysis, ETL, Data Warehousing, Insights Generation*)
 - Analysed hospitality domain data, including hotel bookings, customer reviews, and revenue, to uncover insights and trends that inform business decision-making.

SKILLS

|--|--|
| ▪ TECHNICAL COMPETENCIES <ul style="list-style-type: none">• C• C++• HTML• CSS | ▪ EMPLOYABILITY SKILLS <ul style="list-style-type: none">• Optimistic• Leadership• Bucking up• Co-ordinating |
|--|--|

- Python
- Data Structure and Algorithm.

LANGUAGES

- English
- Hindi
- Marathi

ACADEMIC ACHIEVEMENTS

- Published Research Paper:
DOI Link - <https://doi.org/10.22214/ijraset.2024.60644>
- MHT-CET 2020: 97.38 Percentile
- Achieved 98/100 in Mathematics in the 12th Standard Board Exams.
- Secured 99/100 in Mathematics in the 10th Standard Board Exams.

CERTIFICATES & AWARDS

- | | |
|--|------------|
| ▪ Spoken English Course | July 2023 |
| ▪ International Journal for Research in Applied Science & Engineering Technology | April 2024 |
